

PETERBOROUGH SPEEDWAY

PARKING RESTRICTIONS NOTICE 2020

Due to new Health & Safety restrictions inside the Arena, we are unfortunately no longer able to park any of our supporters or visitors with blue badges, inside the confines of the main arena itself.

Movement inside the entrance gates will be limited, in order that emergency vehicles have free access at all times, and which also allows for the safety of pedestrian movement of our supporters and visiting fans. This is in keeping with other events that take place at the East of England Arena.

We deeply apologise in advance for any inconvenience, but we hope that you understand the importance that we place on insuring the safety of all people attending Peterborough Panthers speedway events. However we have designated two parking areas for our Blue Badge guests, so that they can park as near as is possible to the entrance gates in use at the time.
